

Postdoctoral Fellowships

The Centro de Matemática e Aplicações Fundamentais at the University of Lisbon, invites applications for Post Doctoral Fellowships for research in the following areas:

- **Applied Statistics**
- **Harmonic Maps and Geometry of submanifolds**
- **Singularities of Legendrian varieties**
- **Nonlinear Partial Differential Equations**
- **Stochastic Analysis**
- **Ordinary Differential Equations**
- **Mathematical and Numerical Methods in Mechanics**
- **Logic**
- **Mathematical Physics**
- **History of Mathematics**

The positions are funded by Fundação para a Ciência e a Tecnologia (FCT) by way of the project "POCTI ISFL-1-209" (Portugal-FEDER EU). The selected candidates are expected to stay in the University of Lisbon between October 2006 and August 2007, but there may be adjustments according to the needs in each case.

Grant amount

The position is for 11 months in Portugal, the amount of the fellowship being 1.495 Euro per month (free of taxes) plus travelling expenses.

Eligibility and Deadline

Applicants should have a Ph.D. in mathematics obtained after July 1, 2002, and they must show a very strong research promise in one of the areas above. There are no teaching duties associated with this position.

Please send a curriculum vitae, reprints, preprints and/or dissertation abstract, a statement of research interests (of no more than 1,000 words) and two letters of recommendation to cmaf@ptmat.fc.ul.pt or CMAF - Universidade de Lisboa,

Av. Prof. Gama Pinto, 2,
1649-003 Lisboa, Portugal.

To insure full consideration, complete applications should be received no later than September 8, 2006.

Application information
